

Saint Sebastian Census form

Please complete ALL information so we can update our records to better serve you. This information is strictly confidential for pastoral use only and will not be given out to unauthorized personnel. Please return in the collection basket or to the church office.

The first part of the form is for your household—that is, EVERYONE living in your home. If you are married and your spouse is not Catholic, please list them. If an adult child is living with you, but is not Catholic, or not practicing, please list them. You may make a note of their status. The following section is requested for each person over 18 in the household. If an adult child is living with you (over 18) and is a practicing Catholic, they must complete their own census form, even if the first several questions have the same responses as yours.
