

During the Fall each year St. Sebastian's, along with the other parishes of the diocese, invites our members to review your level of giving and, as you are able, increase your financial support for 2025. As a parish of good stewards of God's gifts, we are all obliged to do our best in supporting and maintaining the parish's programs, facilities and grounds in the midst of the increasing cost of living that we all must face.

Please review the materials that you received recently which outline St. Sebastian's many reasons for "Giving Thanks" this year. Let your faith in Christ Jesus and your love of this parish dictate how you will respond.

Thanks, and blessings,

Msgr. Gaston
